

Christmas 4 Kids has Set-up Santa's Workshop Behind the Fire District's Administrative Headquarters

St. Lucie County, FL With holiday music in the background, large groups of firefighters, family, and friends have been busily sorting and putting together toys at the weekly wrapping parties in anticipation of this year's annual deliveries. Already within the last two weeks, volunteers have wrapped more than 2800 gifts.

With one more wrapping party set for 5:30PM, next Tuesday December 20 and possibly another for Thursday, Christmas 4 Kids (C4K) board members anticipate distributing over 3500 gifts this year.

Deliveries will begin at 8:00AM next Wednesday December 21, with C4K board members, firefighters and friends visiting local special needs children.

Then on Christmas morning, beginning at 6:30 AM, while most of us are at home opening gifts and celebrating with family, a caravan of emergency vehicles, box trucks and cars led by a fire engine carrying Santa and the Grinch will make its way through the narrow streets of the mobile home parks in north Fort Pierce. The convoy is always welcomed by squealing children and grateful parents.
