FOR IMMEDIATE RELEASE  
September 23, 2011

**Stefani, Bo honored by St. Lucie County Fire District**

**FF/Engineer Donny Stefani and I.T. Supervisor Sigurd Bo  
Named Employees of the Quarter**

*St. Lucie County, FL* – Firefighter/Engineer Donny Stefani was named Firefighter of the Quarter and Information Technology Supervisor Sigurd Bo named Civilian Employee of the Quarter by the St. Lucie County Fire District. Both were honored at the Fire Board Meeting held September 21, 2011.

Firefighter/Engineer Donny Stefani was honored for both his work while on duty and off duty. Stefani has been active in several charity events, including the Big Heart Brigade, MDA, and Be A Hero Day. He was instrumental in bringing the Pink Heals Tour to Port St. Lucie, which brought pink fire trucks to the county as a way to raise money for and awareness of breast cancer. The second annual Pink Heals Tour will be held on Monday, October 10 starting at 4 p.m. in Tradition, Port St. Lucie.

“Donny has an incredible amount of energy,” explained Fire Chief Ron Parrish, “and that energy is infectious and has translated into more firefighters involved in local charities.”

IT Supervisor Sigurd Bo, has been with the Fire District since 2000 and built the department from just himself to a group of five. The main responsibilities for the IT Department include: daily maintenance of data, communications support including phone, data, microwave, Fire CAD for dispatching calls, automatic vehicle location and the website. While many I.T. departments handle computer software and maintenance, the Fire District is also responsible for communication towers and the software for dispatching emergency calls.

“Sig is a true professional and he has built one of the best IT teams, hiring very talented people,” said Fire Chief Ron Parrish.
