FOR IMMEDIATE RELEASE
April 12, 2010

St. Lucie County Fire District offers Home Safety Inspections

St. Lucie County, FL – St. Lucie County is now offering Home Safety Inspections. These inspections will be free to residents, and give the homeowner a quick overview of safety concerns in their homes. SLCFD firefighters will arrange to visit a home to check smoke alarms, review fire exit plans, check on proper storage of flammables or chemicals, and more.

To arrange for a home safety inspection, call the Catherine Chaney at 621-3456 or email her at HomeSafety@slcfd.org. Please include a name, phone number, and address in your request. Your request will be sent to your local fire station and they will contact you to arrange for a date and time.

These home inspections are totally unrelated to inspections made to commercial buildings which are conducted by the St. Lucie County Fire District Fire Prevention Bureau.
